

## **AMHA Apparel Guidelines 2010-2011**

The following guidelines have been created by AMHA to help our members and teams purchase apparel for the 2010-2011 season. AMHA is going to continue with the approved apparel guidelines that we started several years ago and have had a very positive response.

AMHA has chosen these apparel items in order to continue working towards a common look for our association, as well as realizing cost savings for our members in not having to order a new jacket each year with a new team.

Most of the jackets and track suits styles remain unchanged, but we have added a couple of soft shell options to the approved list as there were a few styles substituted by our original supplier as well as supply issues last year that required the addition of soft shell styles.

The following are AMHA approved apparel that may be purchased from a supplier of your choice. If a team, individual or supplier wants to use the AMHA logo the following jackets are the only ones approved. The AMHA logo will be made available upon request to any members or suppliers for use on these jackets as well as other team items (ie. Bags, hats, water bottles, etc.)

StormTech Track Coats (Black/Black) (Cat# STXJ-1, STXJ-1W, STXJ-1Y)

## Alternate Apparel Options

If manufacturer supply becomes an issue we have listed a couple different options that can be substituted,

Track Suits: Canada Sportswear 4070/4075  
Stormtech ST-1/SP-1

**If other options are picked with different colors and styles the united look we are trying to achieve for our association will soon be lost. We thank all teams for following these guidelines.** Any questions or concerns can be sent to AMHA at [airdriehockey@telus.net](mailto:airdriehockey@telus.net)
