

PartyLite Fundraising

How much profit did your last fundraiser give you? Would your organization like to earn 35% profit in your next fundraiser? That's just one of the many benefits of participating in the PartyLite Fundraising Program.

For more than 17 years, PartyLite has offered quality candles and exclusive fragrances. As an independent PartyLite Consultant, I welcome the opportunity to help you achieve your fundraising goals.

In addition to receiving 35% profit on what your organization sells in a PartyLite fundraising campaign, it's simple and stress free. I'll provide the literature, including an easy to use product brochure and order form. We offer our most popular candle products in a variety of fragrances and our candles are boxed for easy gift giving and delivery. Speaking of delivery, we ship the products directly to each seller to eliminate sorting, storing or distribution for your organization.

Another benefit is the personalized service you will receive from me- your partner through this entire process. I'll be available during the program providing guidance and support .

If your organization is looking for fun, easy to execute fundraising campaign, I am confident I can help you.

Thanks for your time and consideration. Please contact me at part_ylite@hotmail.com or strawberryshortcake43@hotmail.com for more information. Look forward to speaking soon.

Sincerely,

Amy Conibear

Independent PartyLite Consultant.
